Of Necessities Due to Speculation, Is Relief of Ohio Mine Workers

ASK FOR FEDERAL RELIEF

Oriental Official Visits Pittsburgh and Finds Enough Evidence to Warrant Laying the Matter Before the Federal Officials at Washington—High Officials Implicated, is Claim

(ASSOCIATED PRESS TELEGRAM)
Columbus, Nov. 11.—The executive board of the United Mine Workers of Ohio, representing 50,000 wage earners in the mining industry, today addressed to President Wilson and Governor Willis of Ohio a copy of a resolution adopted by miners officials demanding that the various branches of the state and federal governments conduct an investigation of the high cost of living. The miners officials declare that the earnings of the wage earners are not sufficient to purchase the necessities of life even for a small family. "We believe," said the miners in the resolution, "that the high cost of living is occasioned by unfair and illegal speculation in foodstuffs and other necessary commodities, thereby causing actual hunger and distress in families where the bread winner is steadily employed." They ask that the government take such steps after investigation, "as will reduce the cost of commodities and place the necessities of life within the financial reach of the wage earner."

The resolution is signed by John Moore, president, Lee Hall, vice president and G. W. Savage secretary, and the executive board members of the Ohio miners organization.

Mine workers are hard hit by the high cost of living, their officials declare, because the mines are not working more than half time, due to the coal car shortage.

Plot to Rob Japanese Government of Customs Duties Is Discovered

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, Nov. 11.—A plot to defraud the Japanese government out of vast sums in duties on shipments to that country has been uncovered in the United States, according to S. Oyama, secretary of the department of agriculture and commerce of the imperial Japanese government who is now in Pittsburgh. It was but recently that the scheme was discovered and Oyama hurried to this country to make an investigation. Activities of several suspects in Pittsburgh are being closely looked into, the secretary said, and he already has found enough evidence here, he declared, to warrant further investigation and the matter may be laid before United States officials. It is said shipments from this country, particularly from industrial centers, have been greatly undervalued and he is convinced some high officials in Japan are implicated in the alleged tariff frauds as well as Americans.

Secretary Oyama left here today for New York where he will hold a conference with the collector of that port. He expects to go to Canada where they are said to be ramifications of the alleged frauds.

General Murguia Reports That Parral and Santa Rosalia Have Been Recaptured From Bandits.

(ASSOCIATED PRESS TELEGRAM)
Chihuahua City, Mex., Nov. 11.—The division of troops under General Murguia, is officially announced here today has begun to advance northward from Escalon in two columns. One column is said to be proceeding up the line of the Mexican Central railway repairing the tracks, while the other, consisting of three thousand cavalrymen, is paralleling the track on a hunt for bandits.

Military authorities here state that Villa is near the Durango border so that this movement will shut him off from the north or in the event of his escape northward, place him between the forces of Murguia and the cavalry that Gen. Trevino would dispatch from Chihuahua. The temporary fortifications encircling Chihuahua City, nine miles in circumference are being enlarged and strengthened. A double row of barbed wire entanglements has been constructed outside of the infantry trenches, while within three strong earthen redoubts are being built. These redoubts hold 200 men each and are provided with artillery. Santa Rosa, the hill dominating the approach to the city, is fortified and armed with seven large calibre guns.

General Gonzales, in charge of the fortifications, commands 3,000 men mostly veterans of the siege of El Paso, which held out seventy-two days against a force double its size led by Villa.

ENGLISH PAPER SAYS PROGRESSIVES ELECTED WILSON.

(ASSOCIATED PRESS TELEGRAM)
London, Nov. 11.—The Manchester Guardian attributes President Wilson's success to the rallying of a sufficient number of the Progressive vote which Roosevelt gained in 1912.

"It seems a small thing," this newspaper continues, "but yet it may indicate a new epoch in American political life. The Progressive movement arose entirely independently of foreign politics. Many Progressive votes given to Wilson are given with the mental reservation that they will not aid ago to a Democratic candidate unless Wilson confirms the faith of the Progressives by consolidating what is still only tentative. If he does that he will have established himself as the ablest statesman since Lincoln and he may be destined to play a part in the achievement of peace which will give him a place in world history."

British Drive Germans From Trenches Along Somme—French and Serbians Meet Defeat.

(ASSOCIATED PRESS TELEGRAM)
Berlin, Nov. 11.—(Wireless to Sayville.)—Russian forces yesterday tried in vain by the use of strong new forces to recapture the position stormed by us the day previously at Skrobowa, near Barnovitch. All the attacks broke down under heavy losses, says the today's German official statement.

German troops penetrated the main Russian positions southwest of Folk-Krasnolesie, the statement adds, and repulsed five violent counter attacks launched at night.

German and Austro-Hungarian troops on the northeast front in Transylvania yesterday made successful advances. Several entrenched Rumanian lines were taken at the point of the bayonet to the west of the Predael-Sinaya road.

French and Serbian forces yesterday made several attacks against the Teuton positions east of Monastir and in the heights north of the Cerna river in southern Serbia, but were repulsed with heavy losses. Only at one point, to the south of Polog were the attacks successful in entering the most advanced positions.

Northeast of Courcellette on the Somme front the British last night entered an advanced German position, the war office reports today.

PLURALITY OF 63 FOR WILSON IN NEW HAMPSHIRE

(ASSOCIATED PRESS TELEGRAM)
Concord, N. H., Nov. 11.—President Wilson received a plurality of 63 votes over Charles E. Hughes in New Hampshire, according to certified returns from all except one small precinct made public by Secretary of State Bean today. In arriving at this figure, Mr. Bean announced, he included in the Wilson total 289 votes cast for him in ward 2, Dover, but omitted through error from the certified returns and by accepting as probably correct the newspaper returns from Dorchester, the missing precinct, which had not reported officially.

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Nov. 11, Via London.—Determined counter attacks by the Russians have resulted in the recapture of a portion of the position taken from them yesterday by the Germans near Skrobowa, in the Barnovitch region, the war office announced today.

WILSON GAINS 400 VOTES ON SECOND COUNT

(ASSOCIATED PRESS TELEGRAM)
St. Paul, Nov. 11.—President Wilson gained 400 votes in Minnesota today when official returns from Ramsey and St. Louis counties were received, showing discrepancies in the early tabulations. The count now stands: 3,020 precincts out of 3,048 give Wilson 178,114; Hughes 178,453; Hughes' plurality 289.

According to records of the previous election the missing precincts polled about 400 votes, and to these must be added the 2,100 ballots cast by the state soldiers in Texas and the mail vote of traveling men.

No reliable estimate of the number of the absent voters has been made and the result of the guardsmen's vote can be known before next Monday.

Late Returns Show No Change in States Where Vote Is Close

President's Plurality Over Hughes in Total Popular Vote Is Estimated at 403,000, Based on Incomplete Returns—President Chiefly Concerned in Political Division of the Next Congress—Republican Majority Now Indicated

CALIFORNIA VOTE WILL NOT BE SPLIT, IS CLAIM

All But Few Precincts Have Reported and No Material Change Has Been Made in Relative Standing of the Candidates—President Still Leading in New Mexico, Where Returns Still Are Incomplete—Chairman Willcox of Republican Committee Clings to Hope That Recount Will Save His Candidate—New Hampshire Vote Complete Gives Wilson 93 Plurality

(ASSOCIATED PRESS TELEGRAM)
New York, Nov. 11.—With Republican National Chairman Willcox still awaiting the official count in close states before conceding the defeat of Charles E. Hughes in the national election the latest returns today in the close states of California, Minnesota, New Mexico and New Hampshire still presented on their face no change affecting the President's majority in the electoral college.

Mr. Wilson still led in California, New Mexico and apparently New Hampshire, with only a few districts yet to be accounted for in each state.

President Wilson in Williams-town, Mass., was reported to be chiefly concerned over the complexion of the next congress, which was still in doubt.

The President's plurality over Mr. Hughes in the total popular vote, according to the latest estimates, based upon the incomplete returns is according to the latest estimates, based upon the incomplete returns is 403,312. His total vote was 8,563,713 and that of Mr. Hughes, 8,160,401.

Democratic leaders in California today failed to give much encouragement to the claims of the Republican state central committee that California would have a split electoral vote. Eighteen precincts were still out with no considerable change in yesterday's figures.

President Wilson was still leading Hughes in New Mexico by 2,184 votes with 89 precincts missing.

Late returns in Montana assured the election to congress of Miss Jeanette Rankin, Republican, who will be the first congresswoman.

With 38 precincts still missing, Hughes' plurality in Minnesota remained at 543 today.

Wm. R. Willcox, Republican national chairman, was again on duty at the Republican committee's headquarters today but said he had nothing to add to his statement yesterday in which he announced that the re-election of President Wilson would not be conceded until after the official count in California and other close states.

Mr. Willcox said he expected to call on Charles E. Hughes during the day. Chairman Vance C. McCormick of the Democratic national committee left today for his home in Harrisburg, Pa., and with the exception of a small office kept open for the handling of mail, Democratic headquarters were closed. They will soon be transferred to Washington.

PRESIDENT'S VOTE SETS A NEW RECORD

(ASSOCIATED PRESS TELEGRAM)
Washington, Nov. 11.—Secretary Tamm today sent the following telegram to President Wilson at Williams-town, Mass.:

"More complete returns show that you have received the largest vote ever cast for a candidate for the presidency. You have received nearly a million more votes than were cast for both Taft and Roosevelt in 1912. Your gain over 1912 is three times as much as was ever gained by a president running for re-election."

CLAIM OF 288 ELECTORAL VOTES SEEMS CORRECT

New York, Nov. 11.—The claim of Chairman McCormick that President Wilson would have 288 electoral votes apparently is to be borne out by the final count. States already conceded to the president give him 269 votes. With New Mexico (3) and New Hampshire (4) his vote would be 276. It now appears that Hughes' lead in Minnesota will be overcome and that he will carry that state adding 12 more, making the total 288.

REPUBLICANS TO HAVE 3 MAJORITY IN NEXT CONGRESS

New York, Nov. 11.—The probable complexion of the sixty-fifth congress was further complicated today by late returns from one close district and a reclassification of the politics of three members of the California delegation. The count in the one doubtful district, that in New Mexico, is not yet complete but the election of Walton, Democrat, is probable, according to latest returns.

As a result of these changes the Republicans from present indications will have a small plurality in the house, latest figures giving them 216 members, the Democrats 213, and other parties six.

Graentno Montimagno was convicted of having been the actual assassin and is under sentence of death at Sing Sing prison. It was at his trial that a witness gave testimony implicating Rofrano.

BIG AIR FLEET IN BATTLE OVER BELGIAN FRONT

(Associated Press Telegram)
Berlin, Nov. 11.—(Wireless to Sayville).—The following announcement is from the admiralty:

"On the night of November 9-10 hostile airplanes dropped bombs without success on Ostend and Zeebrugge, Belgium. One British machine was forced down and captured and the aviator, a British officer, was made prisoner. On the morning of Nov. 10, a German battle plane attacked two British biplanes between Nicuport and Dunkirk. It shot down one and forced the other to retreat. In the forenoon three of our battle planes met a superior British aerial squadron off Ostend and attacked it immediately. After a combat the enemy was forced to withdraw. Our machines returned to their base, having suffered insignificant damages."

The British war office announced last night that 30 British aeroplanes had encountered a hostile squadron of 30 to 40 machines which was dispersed after a battle during which six of the hostile machines were observed to begin to fall, out of control, although they were not seen to fall to the ground. Nine other aeroplanes were said to have been driven down in damaged condition as a result of various encounters. The bombardment of Ostend and Zeebrugge it was announced was attended with "satisfactory results." Seven British machines were said to be missing.

Jim Thorpe May Bring Football Team Here Dec. 3

Jim Thorpe, conceded to be the world's greatest all around athlete, will be seen in action against the McDaniel's football team at Wehrle park in the near future, if the plans of Manager McDaniel to bring the Canton star football team to Newark can be realized.

McDaniel, determined to give the local fans the best in the football market, this morning wired Manager Thorpe, at Canton, to name his terms for bringing his all-star aggregation of college players to Newark. If Thorpe's terms can be met by Manager McDaniel, the game will be played at Wehrle park on Sunday, December 3.

An answer is expected from Thorpe by tomorrow. Should the game be arranged it will attract one of the largest crowds in the history of local football and will bring many hundreds of visitors to Newark, who are anxious to see the famous Carlisle football star in action.

BLOCKED PUNT

FELL BEHIND LINE GIVING SOUTH HIGH NEEDED POINTS TO WIN.

Newark High's Defense Big Surprise to Columbus Line—Orr Cops Enemy Pass For Touchdown.

Columbus, Nov. 11.—In a listless game in which South High was outplayed three of the four quarters, the Dasher Avenue lads defeated the Newark team at Recreation Park yesterday afternoon by the score of 8 to 6, a blocked punt that went in to the crowd bringing the winning point near the middle of the last period.

Early in the game it did not appear as if the Newark offense was going to worry the Blue and Gray to any extent, but the defense was of a superb kind. The ends absolutely refused to be "sucked in" on trick plays, while to attempt a dash through tackle meant trouble. When the first period was half over South started a march from its own 20-yard line and was sweeping down the field in fine shape.

With the ball on Newark's 25-yard line, Bonowitz elected to try a forward pass and right there the game broke. A clean toss of 10 yards was made and Waldner was all set to take the ball when Orr came charging in, made a leap, grabbed the leather and set off for the goal line. After his touchdown he failed to kick goal. Throughout the rest of the half Newark fought the South lads to a standstill and pulled one successful forward pass after another but could not threaten the goal.

In the second half the play started entirely different. Facing defeat, South went in to win. Twice did the Blue and Gray push the ball inside the five-yard mark, but Newark held and took the leather. After the second one Waldner took a punt on the 40-yard mark and raced the distance to the goal. He then missed goal.

South placed her faith in Dave Smallwood in the last period. Shortly after replacing W. Brooks, he got away for a 60-yard dash that put the ball on Newark's 20-yard line. Time after time the South lads tried to go for a score, but when threatened the Newark team tightened and took the ball on its own two-yard line. It was here that the block occurred, the ball rebounding into the enclosure back of the goal line.

M'DANIEL TEAM READY FOR BIG LANCASTER GAME

More Than 500 Fans Expected to Witness Battle at Wehrle Park Sunday Afternoon.

The McDaniel football team is ready for the referee's whistle at Wehrle park tomorrow afternoon, when it clashed with the speedy Lancaster Independents, in what promises to be one of the best contests of the season. The game will be called promptly at 3 o'clock.

Word from Lancaster is to the effect that the boys from the Industrial home town, expect to win and are loading with several star professional players to aid in the victory. If this hope is correct it will assure the fans of a regular game, as the McDaniels are in better condition for this battle than at any other time this season.

Last night the locals ran through a two hours practice at the Music Hall, forming new plays and "getting up" in signal practice. Two new stars will aid the "Macs," but their names are not familiar to the local fans. However, the new players will be welcomed by the supporters of the local team, who are anxious of seeing Newark meet some of the big pro teams of the state.

John McCarty will again take care of the fullbacking job for the McDaniels and when John is in the game, it means plenty of action. Paul Bowser, wrestling champion, and Davis will be in there, but Jackson the Chicago star will be unable to play. Jackson's place will be filled by a player well known to the fans, thus preventing the team from being weakened through the loss of the Chicago man at left end.

With Wehrle Park rented for the remainder of the season, Manager McDaniel will endeavor to bring to Newark only high class teams which should not only boost the gridiron sport here, but receive the hearty support of the fans at the rate.

The last two games played by the McDaniels at Mountbuilders Park, attracted large crowds, and tomorrow's contest is expected to be witnessed by a crowd of more than 500 persons.

Gibbons Winner Over Dillon On Points at St. Paul

Mike Gibbons (above) and Jack Dillon.

St. Paul, Minn., Nov. 11.—Mike Gibbons of St. Paul outpointed Jack Dillon of Indianapolis in a 10-round no-decision contest here last night. Gibbons led in six rounds. Three sessions went to Dillon and the other was even. At 3 p. m., Gibbons weighed in at 153 1-2 and Dillon at 162, the latter one pound under the agreed weight.

Newspaper men at the ringside uniformly gave the fight to Gibbons, some giving him every round.

Gibbons' footwork and his left jab were his chief factors in victory. Dillon apparently hoped to wear down his rival at first, but the St. Paul man refused to be cornered, and slid out of every tight place. He was the aggressor nearly all the time, and landed perhaps four good blows to Dillon's one.

REFEREE STOPS BOUT IN NINTH; BYRNE WAS SAVED.

Cleveland, Nov. 11.—Johnny Ertle, bantam champion, easily disposed of Mickey Byrne of Cleveland in their scheduled 10-round bout here tonight, the mill being stopped in the ninth to save Byrne from a knock-out. Byrne showed a flash of form in the early rounds, but Ertle's punches had the steam and, in the sixth he nearly stove the Cleveland away with a right to the stomach, followed by a tattoo of blows to the jaw.

They were attended by Miss Helen Kuhn and Miss Georgiana Shrader. The bride wore a traveling suit of blue broadcloth with hat of the same shade. They left immediately after the ceremony for their future home in Wadsworth, O., where the bridegroom is timekeeper for the Wadsworth Salt Co.

OHIO CLOTHIERS SEEK TO PROTECT FROM PEDDLERS

The mercantile bureau of the Chamber of Commerce will be addressed Monday night by M. H. Rosenthal, secretary of the Ohio retail clothiers' association, on what is being done by that organization in eliminating fraudulent practices on the part of itinerant merchants and the promotion of honest practices towards the public by resident merchants.

Mr. Rosenthal will be the guest of Chairman George Hermann of the mercantile bureau and his talk will be of practical value as he has assisted in prosecuting a number of cases in other cities of Ohio where the public has been defrauded by false representations of unscrupulous, fly-by-night dealers. One case at Piqua was recently tried and the dealer was found guilty of misrepresentation and bound over to a higher court.

FIRST CONGRESSWOMAN TRIMS OWN HATS, MAKES HER CLOTHES AND CAN COOK, TOO.

Miss Jeannette Rankin.

Missoula, Mont., Nov. 11.—Messages of congratulations from suffrage leaders in many parts of the country poured into Missoula yesterday for Miss Jeannette Rankin, Republican, the first woman to be elected to congress. Miss Rankin's campaign managers contend that she had been successful by at least 2000 majority.

"I felt that the women would stand by me," Miss Rankin said today. "It is wonderful to me to think of having the opportunity of being the first woman to sit in congress with 434 men."

Her election to the national house of representatives from Montana is a source of particular pride to the National Suffrage Association, inasmuch as she was for a number of

years one of its most valued organizers and the standard bearer who carried her state for suffrage. She is tall and red haired and a Republican in politics.

Jeannette Rankin is a member of a well-to-do banker's family of Missoula, Mont. In 1908 she was graduated from the New York School of Philanthropy, went to Seattle, Wash., filled a position of "baby placer" for a year, found that wasn't her metier and quit finding ideal homes for infants to join the women fighters in Washington. She stumped and organized in the Washington campaign and received no remuneration. "It was for the cause," she said, in referring to it. She became later the field secretary of the National Woman Suffrage Association.

Lawyer of El Paso, Ill.; Edward Lawyer of Thorntown, Perry county, O.; Mrs. Ellen Oliver of Atlanta, Ga.; and Mrs. Ida Brooks, residing in the west, two brothers, Joseph of El Paso, Ill., and Harvey Lawyer of the Cherry Valley, this county.

Granville

(Special to Advocate.)
Granville, O., November 11.—By those who have reason to know whereof they speak, it is said that the lecture on "From Agnosticism to Christ" to be delivered in Recital hall Monday evening, is a rare opportunity. The speaker, Dr. Ivan Panim is a Persian by birth; an American by adoption, a graduate of Harvard, formerly a lecturer and writer on literary and philosophical themes. Dr. Panim was an anarchist, and an agnostic of so hopeless a type as to have contemplated suicide. He stumbled upon the fact that "the fear of the Lord is the beginning of wisdom" and since that time he has turned his well trained mind and life to the testing of that truth.

Mrs. C. E. Stanton will have as house guest during the next week her friend, Miss Shipley of Cincinnati.

Phi Gamma Delta fraternity opened wide the hospitable portals of the lodge last evening in a reception to the men of Granville.

Mr. and Mrs. Grove B. Jones accompanied by their mother, Mrs. B. I. Jones and by Mrs. Belle Grove Wright and Mr. and Mrs. E. J. Dorsey, motored to Columbus this morning for a visit with friends.

One of our generous hearted citizens who runs a newspaper printing press in Granville, has contributed to the A. F. W. the artistic posters which have been placed by the publicity committee to keep before the women of the community the weekly recurrence of the all-day meetings for the relief of wounded soldiers. The gentleman modestly requested that his name be withheld.

The open meeting of the W. C. T. U. on Friday afternoon at the home of Mrs. J. W. Crawford in South Mulberry street was well attended and the interest in the topic was marked. The time for the market was set for the afternoon of November 25, in Piper's Meat Market. The leader of the afternoon program was Mrs. K. S. Hines, who gave many valuable facts and suggestions on the topic of "Eugenics," followed by free discussion in which all took part.

The next attraction offered by the Denison Conservatory will be the Organ recital by Miss Leola O. Brown next Wednesday evening in the Baptist church at 7:45. She will play an interesting program of new and old music and will be assisted by Prof. Soule of the voice department. The public is cordially invited. Newark visitors should take the 7 o'clock car or jitney.

Mrs. J. D. Thompson has returned from a visit with her son Arthur in Oberlin.

Mrs. Hiram Partridge is receiving the congratulations of friends on the recent bequest of \$25,000, which came to her unexpectedly from the estate of Mr. John Washburn, who left Newark 40 years ago to engage in the grocery business in Decatur, Ill. He was an early teacher of Mrs. Partridge in Union township. He died without heirs and remembered Mrs. Partridge in his will.

Prof. and Mrs. Charles E. Davis, formerly of Granville, have gone to Longmont, Colo., where they will make their home, Mr. Davis having accepted the position of teacher of science in the High school there.

In the Baptist church tomorrow, the pastor, Rev. Millard Brelsford, will preach for both services. Morning topic: "Eureka"; evening topic, "The Friendship With God With the Humble in Spirit."

In the Presbyterian church services by the pastor, Rev. E. D. Barnes. Morning topic: "Strength for the Inner Man"; Men's class at 11:15, with Prof. H. D. Fish in charge; evening service at 7 o'clock.

In the Methodist church the pastor, Rev. Otto Giesen will preach in the morning on "Christ and the Musicians." Also in the evening at 7 o'clock.

St. Luke's church, the Twenty-first Sunday after Trinity. Sunday school at 9:30; morning prayer and sermon by the rector, Rev. David Barre.

What Ohio Club Women Are Doing

Mrs. Prentice E. Rood, Director of Press.

The decision of the executive board to edit a section in the General Federation Magazine, devoted to federation interests in the Ohio Woman, will be of great interest to clubwomen.

This column permits of only a sort of tabloid form of club news. The new plan will enable the reports from clubs and federations to be given in full, which cannot fail to arouse enthusiasm and inspire renewed effort.

Mrs. Arthur B. Pyke of Cleveland, who, for the last year, has done such creditable work on the Ohio insert of the General Federation Magazine, will have charge of the section.

A Keep Clean Campaign.
The Ursula Wolcott chapter of the Daughters of the Revolution of Toledo believes that one phase of patriotism is a vital interest in one's own city. They have asked the Woman's Educational Club, the City Federation of Women's clubs and the Commerce club to help with a campaign of education to keep Toledo clean. There are enough laws, if enforced, to prohibit throwing papers and rubbish on the streets.

Shop Early.
Start the slogan "Shop Early" and thus favor those whose work is so wearisome, at best. It must remain with the thoughtful woman to make the idea popular.

Unfederated Clubs.
If there are any unfederated clubs in your town suppose you plan a little campaign to induce them to come into the state federation? Let each federated club take one unfederated club and use all its powers of persuasion. Very often one is asked, "What

will we get out of it?" The only answer to such a question is, that one gets out of anything what he puts into it, never less, and often much more.

Loan Scholarships.
It would be of great interest to women throughout Ohio if they could know just how many individual clubs and city or county federations are supporting scholarships. Will you not, if you have not already done so, send to Mrs. T. T. Rosen, date of Fostoria, a report of what you are doing. This does not release you from the obligation to the state fund, which is only five cents per capita for eight years. It is the hope of the director of this column to have a letter to clubwomen explaining how the delinquent clubs may, without its proving a burden, resume payment of their obligation.

General Federation Note.
The next biennial will be held in Hot Springs, Ark., beginning May 1, 1918! The council meeting in New Orleans April 9, 1917.

Make your plans now to attend your district meeting.

Take with you a member of an unfederated club. Tell her that she may multiply its interest and good times by 10 and get an idea what the state convention would mean.

An Appeal.
Will you not send to the director of press some items of interest regarding your plans for the coming year.

Please bear in mind that you must furnish the material of which this column is made up.

Drop a line as soon as you read this, if you know of anything that has been done, is being done, or is going to be done by women's clubs.

Our Boys and Girls

About the beginning of the third year mothers should commence feeding baby a little meat.

It is usually added to the midday meal with advantage. It should be given first in moderate amount and in the most digestible form. Scraped beef from the inner portion of a rare broiled steak which is free from fat is the best form, and a heaping tablespoonful may be given at first and the amount soon be doubled.

When this is given with bread, the child should be instructed systematically to chew. At this time soup may be increased to six ounces and milk dropped, as milk and meat are not to be used together at one meal.

Some mothers unfortunately have to wean the baby from birth. For such a child, feeding from the bottle a mixture of oatmeal water and milk is very nourishing.

Use two-thirds oatmeal water and one-third of milk for a child three months old and weighing eleven or twelve pounds. Weigh the baby each week, if she gains from four to six ounces a week her bowels move regularly and are of the right consistency, the mixture is perfect.

If, however, she does not increase in weight each week, you should begin increasing the milk, of course, a very little at a time, probably not more than an ounce in one day's mixture. You should use lime water, as this helps to form bone and teeth, which are, of course, bone structure. Add from one to two teaspoonfuls of lime water to each bottle.

Walking for Beauty.
Walking is a much misunderstood word. It does not mean the dragging over the ground of unwilling feet, nor a dawling along apparent-

ly objectless. It means to square the shoulders and expand the lungs and to go along as if you were going somewhere and were glad of it, to get something which you really wanted to have. It means breathing deep and full and regularly.

It means energizing every muscle in the body and concentrating the mind on the work at hand, for when one first learns to walk, like the child who can only toddle, one has to put the mind on each step in order to get the easy swinging stride, with the body balanced in such a way that each foot, as it strikes the ground becomes the center of gravity. It will not be long before the swing will become rhythmically mechanical. Then will come the beginning of the joy of walking.

You will feel a delicious sense of lightness and exhilaration. You will forget the means of locomotion as the distances are covered and fatigue becomes unknown. Tired, nervous relax, and burdens roll away. Problems grow less hopeless and sleep is waiting for you when you lay your head on your pillow.

Perhaps when you take your first few tramps there will be lameness in your feet and joints, when you prepare for bed add to your bath equal parts of alum, rock salt and borax to the extent of two spoonfuls. Then rub the limbs and soles of the feet with olive oil, massaging them carefully.

Every Day Etiquette

"Should a girl write a note of thanks to her escort for flowers which he has sent her to wear to a party or will verbal thanks be sufficient, and does a man go first when entering a theatre or church?" asked Gladys.

"Thank your escort for the flowers in person, that will be sufficient. A man enters a public place first to open the heavy doors and make way for his companion," answered her governess.

Winter's Terrors Overcome

The healthy person enjoys cold weather. It is only when the circulation is poor, when the blood is thin and the system under its proper condition, that cold weather has any terror. Invigorate the body by restoring the circulation, throwing out the waste, and overcoming the stagnation of catarrh, and you will enjoy crisp weather.

Peruna Is Invigoration

It relieves the system of the handicap of inefficient digestion and hampered breathing by restoring the mucous surfaces that are used in these functions. It gives tone to the digestion, and it clears away all catarrhal inflammation. It builds up the strength by enabling the organs concerned to do their work properly. Its use in convalescence and in all weakened conditions is wonderfully helpful.

A MAN OF MYSTERY

Strange Story of a French Exile of the Last Century.

MADE HIS HOME IN NEW YORK.

He Lived a Royal, but Secluded, Life Here Until Napoleon's Downfall, When He Vanished to Reappear, Perhaps as King Charles X. of France.

In the year 1808 a French gentleman came into the wilds of the southern part of Madison county, N. Y., and erected a chateau upon the wooded summit of the highest hill in Georgetown. He had purchased 2,700 acres of land, paying for it close to \$10,000. He gave the name of Louis Amathe Muller. He brought great wealth in gold and silver coin into the wilderness and spent it lavishly in clearing land, erecting his home and establishing a great park for game. The chateau was little less than a fortress.

The master of the house wore the costume of a French gentleman, lived royally and introduced as far as possible the manners of feudal France. He was attended by a retinue of Frenchmen, among them a physician, who bore the name of Mielrow.

During all his sojourn in the wilderness Muller received numerous papers from abroad. It was very common for him to comment upon the progress of Bonaparte, and when news came of his disaster in Russia, Muller was overjoyed and began to make preparations to return home, and when the overthrow of Bonaparte was assured he rode away on horseback to take passage for France.

Many have been the conjectures as to the identity of this man. He preserved his incognito completely. It was believed that only his physician knew his true name. Those who had carefully studied the events of the time and knew the history of the royal family of France believed that Muller was a Bourbon prince hiding from Bonaparte. The physician once said that Muller was "cousin the second to the Duke of Angouleme," but the belief generally is that he was a member of the Bourbon family, who, on the abdication of Bonaparte, was restored to his royal privileges.

By many it was supposed that the mysterious American visitor was no other than the Count of Artois, who had been banished from France by Napoleon and who later governed that country as Charles X. Only a man with such cunning as he is credited with possessing could have concealed his identity in the wilds of Madison county. The Count of Artois was a right age, fifty-one, in 1808, had a sufficient motive and answers in character and in methods of amusement to Louis Amathe Muller.

There is a lapse in history as to the movements of the count. In July, 1789, he left France as leader of the emigrants, and his career from that time on to his return to France in 1814 is somewhat involved. For the reason that his real name was as odious in America as in Europe it is thought that he came to this country not only to avoid Bonaparte, but to put to rest the tongues that were busy with his name.

The description of Muller's personal appearance fits accurately the descriptions of the Count of Artois, or Charles X. As a writer puts it: "The passion for hunting and dread of Bonaparte evinced by Muller point unerringly to Artois as the man who occupied the chateau on Muller hill." When Artois became king it is said that he endangered his throne through his devotion to the chase.

The time of Muller's or Artois' departure for Europe to be present when Bonaparte was subdued cannot be accurately given. He left New York late in 1813. The time of his return to America to settle his affairs and sell his estates is known. It was when all danger from Bonaparte was past after the battle of Waterloo. After the hundred days of Napoleon's rule and the return of Louis XVIII. to Paris it is said by his biographers that the Count of Artois held aloof from public affairs. Was he absent in America? Muller was in this country selling his estates during that period. Upon his return to France he waited patiently until 1824 to place the crown upon his head.

The stormy life of Charles X. ended at Goritz, Austria, in 1836. His bones lie there in the chapel of the Franciscans. His life has never been fully written, but his personality, romantic career, etc., fit well into the mysterious Muller.—Philadelphia Press.

Organ Pipes.

The names of the different parts of an organ pipe are interesting. For instance, the air is forced in through a hole in the pointed toe of the pipe, goes through the flue (the slit cut in the side) and strikes the lip. In some cases it then hits the beard (a metal cylinder attached just below the opening) and rebounds against the lip, producing a double vibration. There is also a tongue, and the upper part is called the barrel.—Exchange.

Stating the Truth.

"I thought you said if I had refused you you would surely die." "I did." "But she turned you down, and you're still living." "Yes, but I still owe 1 to die some day."—Detroit Free Press.

Weekly Grain and Provision Review

(ASSOCIATED PRESS TELEGRAM)

Chicago, Nov. 11.—New high price records and substantial net gains were scored by the wheat market in the week which ended last night. Bullish Argentine advices resulting in large export sale from the United States and from Canada were of much effect in lifting quotations till May delivery of wheat climbed to \$1.95 1-4 a bushel.

Highest prices yet this season, and therefore the highest in many years, were thus reached yesterday chiefly because frost damage in Argentina added to the injury already done to wheat there by drought and locusts. The estimates of the exportable surplus in Argentina were cut down yesterday 11,000,000 bushels and on previous days had also been heavily reduced.

Election results affected wheat prices only indirectly and in a transient sort of fashion, if at all.

Corn and oats gained respectively about six cents and 2 1-2c a bushel for the week. Export call was active for both cereals and the Argentine crop situation as well as the strength of wheat were bullish factors.

Stiff advances formed the rule in provisions, the jumps ranging from \$1 to \$2.15. Foreign demand with upturns in the value of cereals were ascribed as leading causes.

Weekly Market Summary.

(ASSOCIATED PRESS TELEGRAM)
New York, Nov. 11.—The inference most generally drawn from this week's extraordinary stock market is that the country's prosperity more than offset any of the hazards involved in the outcome of the Presidential election. There were intervals when political considerations exercised some influence, but at no time did the controversy have an adverse effect upon high grade securities.

True to the record of the past three months, numerous new maximums were established, these embracing United States steel, the leading copper and various other industrial more or less remotely related to the so-called war group, chief among these being central leather. Activity in the diversified lines reported by these stocks continued at full capacity and advancing prices.

October tonnage or unfilled orders of the United States steel corporation ran beyond ten million tons, a total never before attained and orders for refined copper were placed for delivery at months hence at the unprecedented price of \$2 1-4 cents.

The one drawback to the movement in stocks was furnished by the rails. Investment issues of that division participated only notably in the advance and towards the latter part of the week, moderate recessions ruled. The decision of some of the larger transportation companies to test the constitutionality of the 8-hour law may have been a factor.

Except for recurrent depression in discounts to Italy, Russia and the Central powers, the exchange markets threw no new light of financial conditions abroad. International bond issues were more steady on reduced offerings.

Chicago Grain and Provisions.

(ASSOCIATED PRESS TELEGRAM)
Chicago, Nov. 11.—Word that frost had done great damage to the crop in Argentina, and that the estimated Argentine exportable surplus had been reduced to 23,000,000 bushels, caused a sharp advance today in wheat prices here. Opening prices, which ranged from 1c off to 1c up, with Dec. at \$1.85 1-2 to \$1.95 3-4 and May at \$1.91 3-4 to \$1.92 1-2, were followed by material gains all around.

Corn, like wheat, was strong as a result of bullish Argentine crop conditions. Stormy weather threatening delay to the movement of the domestic crop counted also against the bears. After opening unchanged to 1 1-4c higher the market scored moderate gains.

In oats, the principal factor was the strength of corn. Commission

houses were mostly on the buying side. Provisions weakened owing to a falling off in shipments of lard and meats. On the break however, good support developed.

Coppers were in further demand at gains of 1 to 1 1-2 points in Anaconda, Utah, Kennecott, American Smelting, Chino and Ray, the two last named scoring new records. U. S. Steel was barely steady but Bethlehem steel bid rose 4 points with 5 for Gulf states and 1 3-4 for Nova Scotia. Mariner, International paper, Butte and Superior and Pressed Steel Car also registered substantial advances. Trading

PRACTICAL HEALTH HINT.

"No funds."

That's the way your check is stamped when your bank allowance gives out.

Every good business man takes care not to overdraw his account.

But how many men give a thought to their balance in the First National Bank of Health?

Not many. They overdraw when they oversleep in the morning, when they overeat at noon, when they overwork late in the day and when they overdrink and overplay at night.

And they keep on overdrawing day in and day out, because the accounting system in the First National Bank of Health differs from that of an ordinary bank.

They are not brought to a sudden stop with the warning, "No reserve."

So they keep on until the day when disease draws a big slant draft, and then they find their body bankrupt and not a physical asset in sight.—Cleveland Press.

To start a war used to require considerable cranking, but modern warfare seems to be equipped with a self-starter.

The Pilgrimage Steps.

After a journey of eight days on the back of a camel from Port Said, the tourist finds himself at the end of his sight seeing jaunt through Sinai, facing the Stone Gate, halfway to the summit.

Only two routes lead up the precipitous mountain side from St. Catherine's monastery, and one is unfinished and seldom attempted by any but the sure footed Bedouins.

The other is via that Pilgrimage Steps, said to have been constructed by the Empress Helena. The steps are 3,000 in number and lead from a side portal in the wall of the convent. A small chapel and a mosque are situated on the plateau at the summit of Mount Sinai. The view obtained is wild and imposing. Under certain conditions the Red sea and the bay of Akaba are visible.

AMUSEMENTS

THE AUDITORIUM.

"The Common Law."

The Auditorium held the largest crowds of the season yesterday and the popularity of Clara Kimball Young with Newark picture fans was readily seen. Miss Young is seen in Newark for the first time at the head of her own film corporation in "The Common Law," by Robert W. Chambers. This production is the most talked of picture play that so far has been shown in Newark and no doubt capacity houses will see the last runs at the Auditorium today. "Miss Young always pretty, with handsome gowns makes the hit of her life and the scenic and acting parts are far above anything

week's engagement to cover the last week's engagement at Columbus, the week of One Night Stands that included Newark and next week in Cleveland. This act in the mind of Manager Fenberg is well worth the price of admission and should not be missed. As usual the bargain matinee will be given on next Monday and already the seat sale is quite large.

Romeo and Juliet.

John Winthrop Noble, who supervised and directed the pretentious screen masterpiece, "Romeo and Juliet," in which Francis X. Bushman and Beverly Bayne are starred, now ranks with the fore-

most Film Corporation, finds a consistent successor in "Dulcie's Adventure."

Dulcie lives at the old family home in the south with her two spinster aunts, Aunt Emmie and Aunt Neta. Hedged about by southern caste, Dulcie grows to young womanhood, imaginative, sensitive and tender-hearted.

What wonder then, that Harry Spencer, son of the village storekeeper, falls in love with Dulcie at first sight and presents her with his pet squirrel. The aunts prohibit Dulcie's taking the squirrel as a gift, but she is permitted to "buy" it. Young Spencer is forbidden the house. Alhambra Sunday.

Monday and Tuesday.

Anita King, the brilliant and clever actress who will be seen at the Alhambra Monday and Tuesday, co-starring with Thomas Meighan in the Jesse L. Lasky production for the Paramount Program of the famous drama, "The Heir to the Hoorah," had in her employ, a screen-struck maid. She still has the maid, minus the screen-struck. The girl kept begging Miss King for a chance to appear in some scenes and finally the star, in desperation, secured a day's work for her as an extra. She laughed at the wrong time and was promptly scored by the director, and crestfallen, she said to Miss King, "I don't want to be in any more pictures—I find I can't be a queen of the movies, so I just be a cullen of the cook stove. What will you have for breakfast?"

LYRIC.

On account of Chapter No. 2 of "Liberty" failed to reach Newark last Sunday, due to oversight on the part of the shipping clerk at the Film Exchange, it will be shown tomorrow together with Chapter 3, making four reels of "Liberty" tomorrow. Chapter 3 of "Peg O' the Ring," will be shown also tomorrow, making six reels. Show starts promptly at 1 o'clock, continuous till 10.

Monday, Tuesday and Wednesday. For Newark's greatest novelty musical act, presenting Ed Lewis, the musical funmaker—the only act of its kind on the American stage. It is one single act that is away from all others. Also feature Universal photo-play each day. Admission always the same, five cents.

KOZY.

Rita and her musical comedy company, will be the attraction at the East Main street theatre all next week, starting Monday. Rita and her Red Birds have one of the best and largest musical shows on the East Vaudeville circuit. The cast includes Miss Rita, Agnes King, Peggie Brown, Madge Kirkland, the

because of his declaration that he will devote his fortune to restoring the sight of her blind mother. The operation proving unsuccessful, Lillian realizes that her sacrifice was in vain and she becomes cold towards Mason. Parker, a playwright, whom Lillian spurned to accept Mason, has scored a success and later falls in love with Anne, Mason misunderstands where Parker's affections lie and accuses Lillian of being false to him and in love with Parker. As a result of this, Lillian becomes ill and commences to fade like a rose in the autumn winds. The situation is finally cleared when it is too late. Mason has only a memory of Lillian to cherish and to make some reparation, he gives his daughter to Parker.

The Price He Paid.

(By Ella Wheeler Wilcox.)
I said I would have my thing,
And do what I want, and when I may:
And I didn't believe a thing,
That the persons have to say.
I didn't believe in a God,
That gave us blood and fire,
Then flung us into hell because
We answer the call of desire.
And I said, "Religion is rot,
And the laws of the world are nil;
For the bad man is he who is caught,
And cannot foot his bill."

so far seen here. A lot of credit is in fact due to the clever director, Albert Capellani, whose work is seen from start to finish. In an interview with Director Capellani, he says: "The yard-stick and so called 'efficiency engineer' constitute the greatest menace to the artistic development of the motion picture.

"You can't make photoplays as you make shoes.

"There are too many motion picture factories in America and too few real studios. Producing a motion picture is an art, not a job.

"The standardizing of the feature picture into five reels is one of the greatest drawbacks to the advancement of our art. You might as well tell a novelist just how many words he must write his next story in, or a painter how many brushes of paint he must use on his next canvas. The majority of stories produced as five-reel pictures today could have been done indefinitely better in three reels. On the other hand many a wonderful story has been ruined by the necessity of cutting it to five reels."

"The Ragged Princess."

Mgr. Fenberg of the Auditorium has another Star feature for his friends and patrons Sunday in which the leading attraction will be June Caprice in William Fox's great photoplay "The Ragged Princess." Miss Caprice is one of the Fox stars and she is seen to great advantage in this together with that handsome chap Robert Hillard. Once upon a time a little girl ran away from an orphanage. She ran as far and fast as she could, until she reached what she thought was the very end of the world. Then she stopped, not because it was the end, but because there was a man standing in her way. And she liked the man!

This is the charming love story that forms a background to the exciting incidents in this clever play. This together with a most laughable comedy, also Pathe News events, with pictures taken from all parts of the world, will be seen at the Auditorium Sunday only.

Donald Kisanne, the popular musical conductor at this house has arranged a special musical program and the organ will be played also.

Ladies' Matinee.

The ladies are making the Wheel shows at the Auditorium popular each week and every Monday finds a larger number than the preceding week. Last Monday over seven hundred ladies attended and the verdict from all—the best ever. Next Monday the attraction is Messrs. Herk-Kelly and Damsell's Cyclic Extravaganza the "The Pacemakers" a company of thirty-five all star fun-makers. The company is without exaggeration, the most competent one so far seen on the American Wheel and Newark show goes are in for a real treat. Manager Fenberg was over to Columbus yesterday and the show is up to his expectations. The big feature attraction La Bergere and her posing dogs which is said to be one of the highest priced acts on the vaudeville stage and has been secured for the "Pacemakers" for a three

Grace Valentine in "Black Fear," and other big successes. "Romeo and Juliet" will be the feature at the Auditorium next Tuesday and Wednesday.

GRAND.

"The Awakening," another big chapter of "The Shielding Shadow," with a runaway balloon set on fire in the clouds by a time bomb. Leonardo's escape in a parachute and Ravenza's descent hand under hand down the anchor rope before making his dizzy drop into the sea, will keep you straight backed and breathless to the last foot of this episode. See it at the Grand on next Sunday and hear the four piece orchestra.

Y. M. C. A. Notes

Newark boys are writing from the border to their friends at home that the Y. M. C. A. is doing a great work among the soldiers there. They say that they never had appreciated it at its full value before, and that hereafter they will do more for its promotion than they have done before. Five men each brought into the Association \$10.00 to be sent to the border through the state committee to assist with this work. Mr. C. Harrington Davis and Gen. Secretary Frank L. Johnson, the committee to raise gifts for this border work, will be glad to receive voluntary subscription as friends of the association may see fit to make. The Y. M. C. A. share for six months work among the soldier boys has been fixed at \$300. Other cities are meeting their apportionment. Newark can do the same if those who are able will assist.

Much interest is taken in the Saturday night football scores. From 2 to 10 o'clock the lobby is filled with football enthusiasts and the phone is kept busy answering inquiries for scores.

E. G. Shurig who came here from Lincoln, Neb., several weeks ago, as government inspector on the new post office building is making his home in the Y. M. C. A. building. He left Thursday evening for New Jersey, where he has been transferred at his own request. It was quite a treat for the younger men of the Association to have the privilege of meeting a man like Mr. Shurig. He was a real help to the work. His comment as he left was, "You are doing a good work here. I have enjoyed myself very much being with you boys. I wish you great success in your work." Another young man who stayed a week at the dormitories recently said when he left, "I have been surprised to find such a good association in a city of this size. I have traveled from Toronto to Canada to San Francisco and from the Lakes to the Gulf and I have not found a more home like Association in any city and I have stopped at most of them."

The following figures are taken from reports submitted by the various committees to the board of directors at the monthly meeting Thursday evening: Eight meetings of various kinds were held in the building. Work was secured for eight boys and ten young men were given special help in meeting personal emergencies. One hundred and sixty-one new members were added. The enrollee in March. Drawing class. Four Salesmanship and business efficiency talks conducted. Two hundred and two enrolled in Gymnastics and physical privileges not including baths. Four visiting teams (High School) used dressing rooms in the building. An important meeting of all seniors interested in the basketball team has been called for Wednesday evening at 7:30. A captain and manager were elected and the kind of suits decided on. After the meeting there will be practice.

Tonight's contest is the running high jump. Last year made by Cliff Sturgeon is 5 feet 3 inches. Marion Grey won last weeks fence vault contest with a record of 5 feet 5 inches. On account of the meeting in Taylor hall on Tuesday evening the intermediate "B" class will start promptly at 7:00 o'clock and floor work will be held before 8 o'clock and the finishers will not interfere with the meeting. Hear Dr. Stedem on "Health and its relations to Business Efficiency" next Thursday night at 7:30 o'clock.

Y. W. C. A. Notes

Vesper service, Sunday afternoon at four o'clock. This is the opening service for the World's Week of Prayer. Mrs. Fred Evans will have charge of the service.

The Scofield Bible Class will meet Saturday evening, Nov. 12. Attendance last week and a most interesting course of study is planned.

Miss Mable Evans will conduct the Business Woman's Bible Class Tuesday evening, at 7:30. This class is taking up the study of Genesis, and the first two chapters are assigned for Tuesday evening of this week. W. Ward, cashier of the Park National bank, gave an interesting talk on "Young Men and Women and their Money," at the Y. M. C. A. On next Thursday evening at 7:30 at the Y. M. C. A. Dr. J. P. H. Stedem will speak on "Health and its Relation to Business Efficiency." Only about six weeks until Christmas—what about your Christmas shopping? Why not do it early this year and lift a little of the heavy strain which causes so many of the young women causes stress to look forward to Christmas week with dread instead of joy. Christmas is a pleasant adventure: a week before it is a hard trial; a day before it is a calamity. Don't forget this year about it and put it off, until when everyone waits till the last week.

For Your Aches

Stiff knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply; it penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than musky ointments or poultices. I know Resinol will heal this rash

I never worry if I have a little rash or other eruption break out—I just put on a bit of Resinol Ointment. That takes out the itching and burning instantly, and soon clears the trouble away. I learned of Resinol Ointment through our doctor prescribing it for my brother. Tom had been almost frantic with eczema for months but that ointment healed his skin like magic.

Resinol Ointment is sold by all druggists.

**FARMERS HOLD CONFERENCE DEC. 4;
WILL DISCUSS CREDITS AND MARKETING**

The fourth annual conference of
marketing and farm credit will be
held in Chicago, Ill., Dec. 4-9, at
Hotel Sherman.
This conference for the past four
years has been doing a great educa-
tional work along the line of better
farming, better business methods in
selling farm products, and improved
methods in financing the farmer.
The marketing section will take up
the question of a better system of
marketing live stock, grain and other
farm products and discuss the co-
operative plan, the auction plan, etc.
The farm credits section will discuss
the workings of the federal farm
loan act and how to best apply it to
turn tenants into home owners.
With city people clamoring for
Congress to place an embargo on
wheat and other food stuffs, thus
curtailing the farmers marketing, it
is high time some educational work
was done to show the public that it
is not the farmers fault that food
stuff is high. When we realize that
there is seventy-five, 14 ounce, 53
leaves of bread in a bushel of wheat
for which, at the high price of wheat
the farmer is only getting about two
cents for, and the further fact that
the average consumption of wheat
in the United States is about 5
bushels per capita and that, at the
present high price of wheat, about
15 hours work for a good mechanic
will buy all the wheat an average
person will consume in a year, and
you will have 75 pounds of feed left,
worth almost a dollar. That in
1911 (no later statistics at hand)
when 14 ounces of bread in Chicago
was costing 5c, you could buy 64
ounces of bread in England, made
from American wheat for 10 and 12
cents. There are twenty-five cen-
tcent packages of rolled oats in a
bushel of oats for which the farmer
is receiving at the present high price
of oats about 2 cents per package;
a steer for which the farmer proba-
bly is paid \$80 costs the consumer,
if bought over the butcher counter,
\$16 and there is \$70 left for the
killer in hide and other by-products;
a suit of clothes costing \$30 of your
clothing man contains fourteen
pounds of grease wool for which the
farmer was paid \$1.00.
When the city man realizes that
for every dollar he pays for food
stuff only thirty-five cents goes back
to the farmer he will not be so an-
xious to cut off the receipts of the
hardest worked poorest housed,
poorest paid member of society; the
farmers will not ask for an embargo
on food stuff.
The trouble with the American
people is not the high cost of living
but the cost of living high. When a
people spend \$1,500,000,000 for
wines and liquors and \$435,000,000
for flour, four times as much for
liquor as for flour, \$800,000,000 for
tobacco and \$265,000,000 for pota-
toes, four times as much for pota-
toes as for potatoes, it shows that more
money goes for luxuries than for ne-
cessaries.
The program will be so arranged
that all members may be heard and
do most of the work. All farmers
and farm organizations are request-
ed to be present. We would like to
have all Ohio people that will attend
report so we can meet in Toledo, O.,
and go out as a solid delegation from
Ohio. While the conference is at
Hotel Sherman you can stop where it
suits you and you can live in Chi-
cago as cheap as any where in the
United States; rooms from \$2 a week
and meals from 15 cents up. Be a
booster and come out and help.

Old Mother Hubbard.
Probably very few people could say
who wrote the famous "Mother Hub-
bard" lines, and fewer still know
where the writer is buried. The au-
thor was Sarah Catherine Martin, and
she was buried at Loughton, in Essex.
Miss Martin was born in January,
1768, and was about thirty-seven years
of age when she wrote the story of
the old lady and her dog. Tradition
says the original "Old Mother Hub-
bard" was the housekeeper at Kitley
Hall, Yealmyton, the residence of Miss
Martin's married sister. At any rate,
it was when on a visit to her sister at
Kitley that the famous rime was pen-
ned. The original publication is still
at Kitley, and a cupboard is pointed
out as being "the" cupboard.—Pear-
son's.
Balloons and Eagles.
A book in Vienna bears on its title
page this legend: "About the inven-
tion of air navigation by means of bal-
loons and eagles, by Jakob Kiefferer;
published at the expense of the author
by Herr Leeschchenkiel, Koblmarkt,
Vienna, 1801." It is an elaborate treat-
ise on aviation in which a balloon is
steered through the air by cables
which have been "trained and deprived
of their talons." Minute instructions
are given as to how the birds should
be harnessed, and suggestions are
made as to the employment of double
teams and relays. The author-inventor
expresses the hope that his idea may
be employed first to expedite the deliv-
ery of letters and dispatches and that
persons competent as trainers of giant
birds will carry his "wonderful idea"
into execution.
Various Customs.
"In China a fine is imposed when a
train is late. Queer custom, eh?"
"Oh, I don't know. Ever notice what
happens when a boat comes in late in
this country?"
"No. What happens?"
"She is promptly docked."—Washing-
ton Herald.

**NO CHANCE FOR
SPLIT VOTE IN
CALIFORNIA**

(Associated Press Telegram)
San Francisco, Nov. 11.—Analysis
by Democratic leaders today of the
popular presidential vote in San
Francisco failed to give much en-
couragement to the claim of the Re-
publican state central committee that
a split electoral vote would result
from scratching of Democratic elect-
ors.
In this city, the low Democratic
elector, Mrs. Carrie L. Tyler, re-
ceived 77,820 votes, only 411 behind
Francis J. Heney, high with 78,241.
If the same ratio should be main-
tained throughout the state, it was
said, Mrs. Tyler would be approxi-
mately 2,365 votes behind the head
of her ticket. The present Demo-
cratic plurality, however, is 3,278,
leaving the Republicans about 800
short of even one elector.
Louise Clark, low Republican
elector, ran 232 votes behind Britten,
high with 63,130 votes in San Fran-
cisco. Eighteen precincts still were
missing early today from the state
total of 5,870, with the possibility
that unofficial state count would not
be complete before the official can-
vass which begins Monday.
Unofficial returns show both
anti-liquor amendments decisively
beaten, although managers of the
dry campaign refuse to concede this
as yet.

publican reported to the secretary
of state's office today that he had
spent \$164,211 in his campaign.
Congressman Cooper, Republican,
of Youngstown, spent \$255 in being
re-elected to congress, according to
his report filed today.
Henry O. Emerson, Republican
candidate for congress in the 22nd
district of Cleveland, spent \$111,500;
F. L. Mulholland, Republican, Ninth
district Toledo, spent \$294,111, and

Wheelbarrow Ride**

Undoubtedly the recent election
brought forth many freak bets, and
one was paid Friday evening when
spectators on the square were
amused to see a gaily bedecked
wheelbarrow, with a woman passen-
ger being wheeled around the streets.
William Rait, window trimmer at
the Meyer & Lindorf store was an
admirer of Hughes, while Mrs. Wil-
ham White, a clerk, favored the re-
election of Mr. Wilson. The bet was
that if Hughes lost Mr. Rait was to
wheel Mrs. White about the square
twice, and if Mr. Wilson lost Mrs.
White was to be the power which
propelled the wheelbarrow. The re-
sult of the election is known and Mr.
Rait with Mrs. White aboard and fol-
lowed by a number of the clerks of
the store, blowing horns, paid his
forfeit gracefully.

FRANCE CHARGES GERMANY ABUSES WAR PRISONERS

[Associated Press Correspondence]
Paris, Nov. 10.—The case of the French government against Germany in regard to the alleged mistreatment of French prisoners of war, is set out in detail in a volume of one hundred pages which has just been issued, and which will be distributed abroad. The book states reports of the Spanish embassy in Berlin, of delegates from the International Red Cross society, who visited German prisoners and prison camps of doctors and nurses who were interned in these camps and of testimony given under oath by crippled soldiers who have returned to France. The volume includes photographs received from private sources and sketches from German illustrated papers.

The French government contends that the following accusations have been proved: Theft from French prisoners; killing of wounded prisoners; execution without formality of civilians arrested on the pretext of sniping; transportation of prisoners in full cattle cars with healthy, sick and wounded crowded together indiscriminately without food or medicine; insults and violence to prisoners by German soldiers on their arrival in Germany; attacks upon French prisoners by women at Erfurt with knives, sickles and scabbards, tolerated by the escort; spitting upon and whipping of prisoners by civilians, and kicking of prisoners by young German recruits as they filed through Torgau; great ravages in nearly all prison camps by tuberculosis developed by neglect of most elementary hygienic precautions; spread of typhus among British and French prisoners by mixing them with infected Russians; general prevalence of rheumatism in all prison camps as the result of dampness; enforced labor of prisoners of war on military works such as trench digging, manufacture of arms and ammunition, insufficient food, shelter and clothing.

Photographs of German camps are offered to show the prisoners in mid-winter with only tents or dugouts for shelter. It is charged that during the first winter in Germany large number of prisoners were obliged to dig themselves into the ground for shelter or to construct mud huts and the Spanish ambassador is quoted in support of this accusation. It is admitted that some improvements on these conditions have been made in certain camps.

NEW BOARD WILL CENSOR SHOWS AT THE AUDITORIUM

Mayor R. C. Bigbee today "ousted" his old burlesque censor board, headed by his son Cecil Bigbee, safety director, and appointed a new board of five all known persons. The new board which consists of two women and three men, will assume its censor duties next Monday afternoon, when the "Pacemakers" appear at the Auditorium theater for two performances.

The five censors appointed today are as follows: William E. Hopkins, superintendent of the public welfare bureau; F. L. Johnson, secretary of the Young Men's Christian Association; Walter C. Symons, expert accountant; Mrs. E. E. Moore, president of the local suffrage association and well known welfare worker; and Mrs. Marietta Pierce, housewife and the Young Women's Christian Association.

Mayor Bigbee's action sets a new precedent in the history of theatrical circles, and its outcome will be watched with interest in the amusement world. Newark is the first town in the country to have a censor board of this kind, as the police usually pass on shows where the question of immorality becomes an issue.

Burlesque, since its introduction here this season has been attended by enormous crowds. With the exception of a couple of shows, every night performance has had a sell out of seats and hundreds were turned away.

The last three shows to appear in Newark have been attended by large crowds of women at the matinees, and the attendance is growing larger each week. Last Monday afternoon more than 500 women witnessed the production of the "Charming Widows."

BANK CONDITIONS.
New York, Nov. 11.—The statement of the actual condition of banks and trust companies for the week shows that they hold \$98,868,250 reserves in excess of legal requirements. This is a decrease of \$25,225,700 from last week.

C. OF C. ASKS HELP TO CLEAN DEPOT OF MUCH FREIGHT

A letter asking for more co-operation between receivers and shippers and the railways is being sent out from Chamber of Commerce headquarters to leading manufacturing and commercial firms of the Newark zone.

At the present time the freight stations of the B. and O. and Pennsylvania are filled with freight, with dozens of cars on sidings waiting to be unloaded. Much of this congestion is due to the tardiness of local consignees in removing their shipments. The letter touches strongly on this point. It follows:

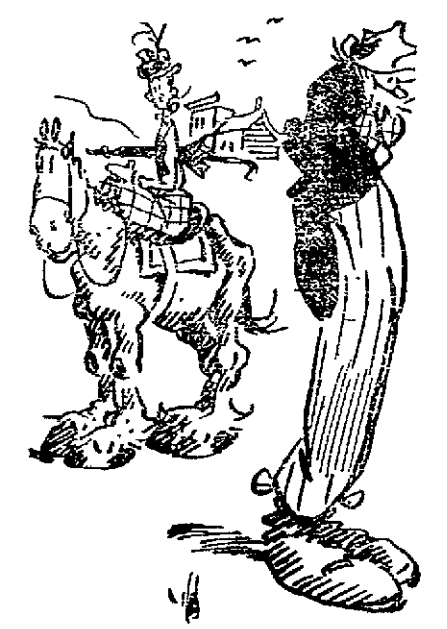

The traffic committee of the industrial bureau of the New Chamber of Commerce has been organized to study the needs of our shippers, and work with the common carriers in promoting the best traffic interests of the Newark zone. Much can be gained through a better understanding and intelligent co-operation on the part of shippers, the railway and express companies.

At this time of unprecedented freight movement when Ohio railways are 60,000 cars short, the Chamber of Commerce, through this committee, in the strongest possible manner, urges upon receivers and shippers the need of their assistance along these lines:

1. Obtaining at an early date advance supply of commodities handled by them in view of the great movement of holiday merchandise from Dec. 1 on.
2. Expeditious loading and unloading of cars and absolute avoidance of storage of freight in cars, the latter being of the most vicious form of waste in equipment.
3. The necessity for loading cars to the maximum thereby not only decreasing the number of cars required, but also to be handled, thus relieving terminals from congestion.
4. Prompt removal of freight from local freight houses, enabling the railway companies to unload cars more quickly and find storage room for their contents. This is a most important feature in obtaining greater car service.

Co-operation will pay us big dividends in time and money. Very truly yours,
M. M. JULIAN,
Chairman Traffic Committee, Chamber of Commerce

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels, the calomel—yet have no dangerous effects.

They start the bile and overcome constipation. There are millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

CITY CHARTER MEETING HELD NEXT WEDNESDAY

For several weeks a number of public spirited men of the city have been holding meetings to consider the question of a charter commission for Newark. These meetings have been attended alike by employer and employee, business men and clerks, labor unionists, men of all shades of political belief, ministers, physicians, and lawyers. The purpose has been to make this a citizens' movement for a better Newark.

A meeting for further consideration of this question was called for the High school auditorium Thursday evening, November 9th, but on account of the absorbing public interest in the election, was postponed and will now be held at the High school auditorium Wednesday evening, November 15th at 8 o'clock. Hon. S. L. Tatum, a lawyer of Springfield, Ohio, and chairman of the Charter Commission for the city, will be present and address the meeting. He will advocate the city manager form of charter, though those promoting this movement are committed to no particular form of charter, but desire the general question of a city charter brought before the people of the city.

Citizens of Newark, generally, are urged to be present. Ladies invited. No charge.

BOYS WHO ATTACKED FRAZEYSBURG GIRL PARDONED BY WILLIS

Carlos Cameron and Earl Nye, Athens high school boys, who made a brutal attack on Miss Mary Frazier, daughter of Mr. and Mrs. C. W. Frazier of Frazeysburg, after they had kidnaped and taken her into the country in a closed automobile, were pardoned from the Mansfield reformatory Friday by Governor Willis.

Miss Frazier, who was a student at Ohio university, was lured into an automobile by Cameron and Nye, who pretended that they had been sent by members of a party of students to convey Miss Frazier to the home of a friend to keep an appointment.

They kept the girl a prisoner for more than two hours and subjected her to shameful treatment according to the story which she told and which resulted in the indictment of the youths. Nye and Cameron each pleaded guilty to the charge. They are members of prominent and influential families in Athens.
